

ROSTER OF MEMBERS AND FRIENDS OF THE SOCIETY

PART ONE

There has not been a VaHS membership roster for several years. During that period the Virginia Herpetological Society has undergone a change in emphasis and direction.

Virginia Herpetological Society (VaHS) with its state survey activities has been recognized as a tax-exempt scientific research organization by the U.S. Internal Revenue Service. In order to obtain that status, a Board of Directors was set up and a VaHS Constitution has been adopted. Both actions put emphasis upon scientific direction. (A copy of the constitution is available on request.)

The purposes of the group are set forth in the VaHS BULLETIN No. 85. If you do not have a copy, send for it. If you have one, read it carefully; too few understand what VaHS does.

Certainly, it is possible to have a great interest in herpetology and not be a VaHS member. For years that's the way it was; no choice. Now, you needn't be practically isolated from others with the same interests. VaHS BULLETIN will keep you informed on Virginian herpetology.

When you contribute items to the VaHS BULLETIN, it carries your message, too.

As you look over the VaHS roster of members you'll realize that the claims made for VaHS aren't mere idle boasting. VaHS is a statewide society. VaHS renders services that no one else is providing. It would be overstating to say VaHS was unique; but few of the herpetological associations or societies in other states are doing or even trying to do, the things that VaHS has been doing routinely.

VaHS BULLETIN is designed to survive inflation and recession. It is not an expensive item as mailed.

Groups with heavy dues automatically limit both the number of members and the breadth of their programs. Not VaHS. It hasn't been easy to reach all of the people whose names appear in these pages. Some seem to prefer to be left to do what they want to do -- and VaHS supports that preference. Those who attended the 1979 VaHS spring meeting felt stranded when that affair was not well attended. So, to assist those who may wish to attend the next

VaHS meeting, 13 October 1979, at Farmville, Va, we assembled this roster. It is based on the file of individual membership application and renewal forms on hand.

Part One: Alphabetically, by name.

Geographically, by both county and region, in VaHS BULLETIN No. 90 Part Two, this winter.

VaHS wants to reach all in the state who have an interest in herpetology. Also, those naturalists who are at Federal, State or local parks, camps, or wildlife refuges, forests etc., 4-H, Scouters, YCC, outdoor-oriented people who might contribute to knowledge (whether or not they make a donation to VaHS in any other form.)

Help make the VaHS roster and the mailing lists on which it is based, as complete and accurate as can be. If you miss the name of a person or facility that you think should be on the VaHS lists, PLEASE send the coordinator a post card giving name, address, post office, & ZIP code for VaHS records.

Also, please alert VaHS to any errors in roster.

- GAME BIOLOGISTS: VA. COMMISSION of GAME and Inland Fisheries: game biologists and supervisors.
(3 typewritten pages)
- VA. TECH. EXTENSION AGENTS: Those who have asked to be put on the VaHS mailing list. (1 p.)
- SCIENCE TEACHERS: Va. Secondary School System. (two Bulletins to a county) Sent to those that have a good sized biology/science dep't.
(5 pages)
- UNIVERSITIES & COLLEGES: Biology, Zoology, or Natural Science Departments, or the college/university library.
(2 pages)

Many of these names and locations will be included in the geographical breakdown provided in VaHS BULLETIN No. 90 (Part II) out during the winter months. We also have 2 typewritten pages of names of VaHS members who are about to go on the inactive status list - for an occasional bulletin -- if we have a functional address. When VaHS members leave no forwarding address we must drop. PLEASE KEEP the VaHS Coordinator informed when you move.
